## PROFILE

I am a passionate and driven full-stack developer with a focus on the **MEARN** stack. I gained hands-on experience in building dynamic web applications. My technical skills include **JavaScript**, **Angular**, **Node.js**, and **MongoDB**, and I am particularly interested in creating seamless user experiences. I am currently seeking an entry-level position where I can leverage my skills and contribute to innovative projects.

## PROJECTS

### Calculator

Developed a user-friendly normal calculator application using HTML, CSS, and JavaScript.

### Doctor-Patient Handling Management System

Developed a cross-platform mobile app with Flutter to streamline doctor-patient interactions, improving appointment scheduling and medical record management.
